

Miss Lagotte

Statement *Studio*

Statement Studio is winter dressing with confidence and a cinematic ease. It's a good day to go outside. Designed to stay warm and stylish, this collection brings layering to the next level, styling tactile statement sweaters with ultra-cosy jerseys. Black and white are warmed by honey tones and finished with a Champagne-sparkling attitude that feels effortless yet graceful. Not to be dramatic, but powerful outfits can be soft too and we are already ready for first snow of the season.

CONFIDENCE, BUT MAKE IT COSY
